

SUPPLY TRAIN®

a board game for two to six players.

Players divide into two or three teams of 1 to 3 players each.

Equipment: Print 2 board sheets on heavy stock (fold back or cut on dotted line, attach as arrows indicate). Print six card sheets on business card stock. You will also need poker chips, as many as you like, a different color for each team.

How to Play: Members of a team cannot sit next to each other. Deal four cards to each player. Remainder of cards in a pile face down

Players, in turn, use a chip to cover a supply on the board that matches a card in their hand. They should name the supply, discard the card and replace it from the deck - always have four cards in hand. A 'bump' card is used to remove an opponents chip from the board.

When a team covers four supplies in a row or three supplies and a free space it creates a 'train'. Crown the train with another chip. Trains can be horizontal, vertical or diagonal. A crowned chip may be used to form another train by the same team. Crowned chips cannot be bumped.

The first team to cover three trains wins and ends the game.
